The Offering, as announced on September 15, 2011, is being conducted by Canaccord Genuity Corp. (the “Agent”). The Offering will consist of up to 80,000,000 units (the “Units”) at a price of C\$0.25 per Unit (the “Unit Offering”) and up to 17,900,000 flow-through common shares (the “FT Shares”, and together with the Units, the “Offered Securities”) of the Company at a price of C\$0.28 per FT Share (the “FT Offering”) for aggregate gross proceeds of up to C\$25,012,000. Each Unit will consist of one common share of the Company and one-half of one common share purchase warrant. About Armistice Resources Corp.

Armistice is an exploration company engaged in the acquisition and exploration of gold properties. The Company currently owns the rights to a mineral property (the "McGarry Project"), which is an underground gold project currently in pre-production located in the southwestern part of McGarry Township, in north-eastern Ontario, on the major geological structure referred to as the Larder Lake Break, immediately west of the municipality of Virginiatown.

On December 23, 2010, the Company entered into a five year option agreement to acquire up to a 100% interest in a property (the "Kerr Addison Property") which adjoins Armistice's McGarry Project to the east. The former mine on the Kerr Addison Property (the "Former Kerr Addison Mine") produced approximately 11 million ounces of gold during a 58-year operating life from 1938 to 1996. Gold-bearing zones within its extensive mineralized system were mined from surface to a depth of 4,500 feet, and over a strike length of about 3,200 feet. The Former Kerr Addison Mine was in production right to the time that creditors forced a foreclosure during a period of low gold prices. Armistice is listed on the TSX and currently has 104,924,771 common shares issued and outstanding. To find out more about Armistice, please visit the company's website at www.armistice.ca.
